## ABOUT ME

---

After first learning to program with Java for AP Computer Science I have continued to expand my skillset independently, specializing in frontend software development. I have been gathering experience with web development for the past 2 years by creating personal projects, including a chess application using an HTML canvas GUI and a Node.js server to calculate moves.

## EDUCATION

---

### Ladue Horton Watkins High School

August 2017 - May 2021

GPA – 3.7 (Unweighted)

ACT Score – 33

### AP Scores

Computer Science – 5

Calculus AB – 5

US Government and Politics - 5

German Language – 5

Biology – 4

### Awards

Missouri seal of Biliteracy 2021 (German)

## WORK EXPERIENCE

---

### Dewey's Pizza Cook

May 2021 – August 2021

I ensured the consistent operation of the kitchen to service customers as best as possible. I made sure to finish my work efficiently so that I could always help others if needed.
